MOOD: 😊 hungry

It's porn.

Cooking porn.

Circa 1900.

Poached pears! A whole turbot! Giant copper pots! Mise en place!

Also, awesome woman is awesome.

I may agree to let them show me another episode.

I've never watched the show, but I read the book it was based upon (The Duchess of Jermyn Street). Fascinating woman. Now I feel the need to search out the show and watch it--I love some good cooking porn!
